## FALLS SIXTY-FOUR FEET TO HIS DEATH

Harry Stephenson, Minneapolis, Dies at Hospital Following Plunge From Smoke Stack

The base of his skull fractured in a 64-foot fall from the smoke stack of the Stevens Point Brewing Co. at 12:15 o'clock Tuesday afternoon. Harry Stephenson, aged 28, whose home is at Minneapolis, died at St. Michael's hospital at 11:30 o'clock this morning.

Stephenson was rushed to the hospital immediately after the accident and an operation was performed at 4 o'clock, when a small piece of bone was removed from the left side of his skull. Besides the skull fracture, he was badly bruised and shaken up and his right collar bone was loosened from the breast bone. He was unconscious from the time of his fall until his death.

With Stephenson on the stack at the time of the accident was Jack Donahue of Milwaukee, a fellow workman. Donahue also fell, but struck on a guy wire after a fall of about 24 feet and from there made his way to safety.

Stephenson and Donahue are in the employ of the General Concrete Construction Co. of Chicago and had been working on the new stack being erected by the Wisconsin River Paper & Pulp Co. at their plant south of the city. Yesterday the crew was laid off because of a shortage of materials and Stephenson and Donahue secured the job of painting the brewer's stack, which is of steel construction.

Stephenson went onto the stack first, going hand over hand on a guy wire extending from the main building to a point about 8 feet below the rim of the stack. Donahue soon joined him and Stephenson was adjusting the tackle to be used in moving up and down during the painting operations when the accident occurred. Donahue, a Gazette representative yesterday, said Stephenson was adjusting an "S" hook on the top of the stack when in some manner the rigging slipped off, plunging Stephenson to the roof of the boiler house.

Stephenson, according to Donahue, turned round and round as he fell and seemed to have lost consciousness while in space. When he struck his body broke through the inch and a quarter boards and gravel covering on the roof, from where it was released with difficulty.

Donahue and another member of the crew, E. E. Treloar of Houghton, Mich., say that they know but little about Stephenson's family connections, but know that he has made his home in Minneapolis, where he registered for draft last week. They say that he has a sister who is a graduate of Cornell University, Ithaca, N. Y., this year.

Stephenson was an expert workman and this was his first accident. He came here on Tuesday of last week from Houghton, Mich., where the crew had previously been working. At about the same time that he made his fatal plunge, his companion, Treloar, was repairing the flag staff on the Citizens National bank building.

Every effort is being made to locate relatives of the young man. He is an orphan and has an aunt who resides in Minneapolis and a sister, who is in Iowa.

## WITH THE OLD GRADS

Dr. W. W. Gregory left Monday night for Chicago to attend the commencement week festivities of Rush Medical college, including the 20th reunion of the class of which he was a member. The general meeting of alumni of the school was held at the Palmer house Tuesday evening and the graduation exercises today. Dr. Gregory's class will banquet at the Auditorium hotel this evening. In connection with the graduation events, special clinics will be held all week and Dr. Gregory will be among those who attend.

## MISS SHELTON RESIGNS

Popular Supervisor of Music at Stevens Point Normal Relinquishes Position

Announcement has just been made that Miss Mabelle M. Shelton has relinquished her position as supervisor of music at the Stevens Point Normal school. Her resignation was presented on April 15 and became effective with the close of the regular school term last week.

Miss Shelton came to the Normal in February, 1916, from Emporia, Kansas, where she held a similar position in the Kansas State Normal.

In her work here she has been eminently successful, for she not only is an accomplished vocalist and skillful teacher, but the possessor of a charming personality as well. Particularly notable among the musical events given at the Normal under her direction were the oratorio, Gaul's Holy City, and the opera, The Mikado.

Miss Shelton's plans for another year are undecided, but she will remain in Stevens Point, a guest at the home of Mr. and Mrs. J. R. Pfleider, until after the wedding of Miss Kansas Pfleider and Joseph T. Gallagher, June 27. Her home is at Niles, Mich., where Miss M. Phoma Baker, who was her predecessor at the Normal, also resides.

## IN CYCLONE DISTRICT

F. D. Reynolds returned home last Thursday from a trip to Illinois and Indiana, where he adjusted windstorm losses for the Fidelity-Phoenix Insurance Co. He was away about a week and worked in Minooka and Morris, Illinois, and Warsaw, Indiana. Although these places did not suffer as much as some others in the recent cyclones, much damage was done.

## CASHIN'S GROCERY MOVES

Cashin's Grocery, of which J. A. Cashin is proprietor, is now "at home" in the Aich building at 113 Strong's avenue. The new home has been equipped with an attractive new front and the interior has been entirely remodeled and redecorated, making it both convenient and pleasing in appearance. The telephone number of the store is now "71" instead of "Red 71."

## KNIGHTS GOING TO WAUSAU

Large Class to be Initiated Into K. of C. Order Next Sunday—Will Drive up From Here

A class estimated at sixty or more will be initiated into the Knights of Columbus at Wausau next Sunday, of whom eight will become members of Stevens Point council No. 1170. The others are from Wausau, Merrill, Grand Rapids and Marshfield.

It is planned to exemplify three degrees, the first to be given by a team from this city, the second by Marshfield Knights, and the third degree will be put on by the Manitowoc team.

Practically the entire membership of the local council expect to go to Wausau via automobile next Sunday morning, leaving here shortly after 9 o'clock and will return that night. The other cities mentioned will also be well represented and Wausau will have the opportunity of entertaining between 300 and 400 visitors.

## EXPECT MANY STUDENTS

The 1917 summer session of the Stevens Point Normal begins on Monday of next week, continuing for six weeks. Last year the enrollment reached 324 and it is expected that fully that many will attend this year. The faculty will be composed of 24 members, all of whom have been on the staff of the present school year which closed last week. As in past years, but one session a day will be held, beginning at 7:10 a. m. and closing at 12:40. An unusually large number of students who will attend have already filled out blanks which have been filed in the Normal office. The 1916 summer session continued for nine weeks but this year the time has been placed at six weeks due to the lack of funds available for the longer period.

## BUYING LIBERTY BONDS

A total of approximately \$127,500 has been invested in United States Liberty Loan bonds through the various banks of the county, according to figures available today. Of this amount about \$100,000 represents Stevens Point money. Most of the bonds taken are of \$50 and \$100 denominations.

## COVE RESIDENCE SOLD

W. H. Covey has sold his residence at 913 Clark street to Elmer Carley of Arnott. Mr. and Mrs. Covey and family will leave the city in the near future, although their plans as yet are indefinite. Mr. Carley, who has been engaged in the potato buying business at Arnott for the last fifteen years, will move to this city and occupy his newly purchased residence.

## AT DIOCESAN MEETING

Rev. E. Croft Gear left Monday for Fond du Lac to attend the annual Fond du Lac Episcopal diocesan council which opened yesterday. He was accompanied from this city by Rev. Ruth of Ashland, who was a guest at the Gear home a part of Monday. About 150 clergy and laity from all parts of the Fond du Lac diocese are attending the council, at which Bishop Reginald H. Weller is presiding.

## WOULD FLY FOR UNCLE SAM

Two Stevens Point young men, Paul F. Collins and Nicholas Roush, have applied for enlistment in the aviation corps of the United States army and hope to soon undergo examinations. The last named young man is a native of Greece and a brother of Louis G. Roush, proprietor of the Arcade billiard hall and Arcade restaurant. He has taken out his first citizenship papers and is anxious to fight for Uncle Sam.

## CYCHOSE IS RELEASED

After promising to mend his ways, August Cychose, the young man who was locked up in the county jail last Wednesday after an unsuccessful attempt to end his life with carbolic acid, was released Friday morning by Sheriff Kubisak. Cychose told the sheriff that his attempt at suicide was the result of worry over pressures of creditors. He has returned to work and given his word that he will keep straight.

## HIGHEST BIDDER WINS

Two Year Old Colt Presented To County Red Cross Chapter Auction Thursday

Make way for the Red Cross colt. It's a real live animal, two years old, of good breeding and iron gray in color, and it's going to be auctioned off for the benefit of the Portage County Chapter of the Red Cross society.

The colt was donated to the chapter by William T. Woodley of Chicago, who recently acquired what is known as the Curran farm in the town of Linwood from Dr. Charles L. Lind of Chicago. Mr. Woodley conducted an auction sale at the farm yesterday, when more than \$2,000 was realized from the sale of cattle, horses and other property, but the Red Cross colt was reserved.

The giving of the colt was largely because of the interest of Mr. Woodley's wife in the Red Cross work. She has taken an active part in Chicago activities of this kind and suggested that the colt be given to the Portage county chapter. The animal is a valuable one and should bring a good sum.

The auction sale will take place at 7:30 o'clock Thursday evening on the public square, the highest bidder to get the colt. Lon Myers, who conducted the auction sale on the farm yesterday, will also officiate tomorrow evening.

At the sale on Tuesday practically all of the personal property on the farm was disposed of. Four heifers and a bull sold for \$105 each.

## BUY DELIVERY TRUCK

The Breitenstein-Tozier Co. have purchased an International one-ton delivery truck for their own use and have already put the machine into service. It will also be used as a demonstrator, the company being agents for the International Harvester Co., the manufacturers.

## WORZALLA PLEADS GUILTY

Leon Worzalla, charged with illegal sale of liquor in Plover village, pleaded guilty in Justice G. L. Park's court Saturday and was bound over to the circuit court. He will appear before Judge B. B. Park upon Mr. Park's return from Waupaca, where he is at present holding court.

## INSTRUCT IN RED CROSS

Local Women Go to Almond and Amherst To-day to Aid in National Work

Mrs. D. J. Leahy left this morning for Almond where she will give instructions in Red Cross work today and tomorrow. Four meetings will be held in the Masonic hall and it is expected that a large number of persons will attend. The Almond organization is an unusually active one and is planning to form the Red Cross workers into a branch of the national league rather than remain as an auxiliary branch. The present membership at Almond totals 125.

Miss Mary Bronson, Miss Louise Southwick and Mrs. F. S. Hyer are also doing work along this line today. These women went to Amherst this morning and are giving instructions to Red Cross workers there.

## MARRIAGE LICENSES

The following marriage licenses have been issued:

William J. Marceau, Plover, and Ada Langton, Plover; Arthur R. Grunwald, Rudolph, and Louise Jacobson, Carson; Joseph Klawikowski, Carl Alfred Larson, Kenosha, and Edith May Holman, Stevens Point; Frank Wallach, Milwaukee, and Rosalia Elbraut, Stevens Point; Ernest L. Higgins, Stevens Point, and Lily Wallace, Plover.

## ABANDONMENT CHARGED

Walter Mocadlo, who has been employed by the Illinois Steel Co. in Chicago, was brought to this city yesterday and this morning arraigned in Justice G. L. Park's court, charged with abandonment of his wife and family. The complaint in the case was made by his wife. Mocadlo plead not guilty and in proof of his stand produced several postoffice receipts of money which he had sent to his wife at different times. The case was adjourned until June 27, and Mocadlo released without bonds. He will not return to Chicago for the present. There are five children in the family, who are living with the mother.

## NOTED EDUCATOR COMING

Miss Edith Lathrop, a rural school specialist of the federal bureau of education, will deliver a series of daily lectures next week at the Stevens Point Normal in connection with the summer session, which opens Monday. Miss Lathrop is recognized as one of the most competent women in rural school work in the country and her coming here is a fine compliment to the good work being done by the local state school. Miss Lathrop works under Dr. Claxton, United States commissioner of education. In her lectures next week she will speak to the students in the rural school department, but the opportunity to hear her will undoubtedly be taken advantage of by many others interested in educational work.

## GOING TO KENTUCKY

Local Teacher Resigns to Accept Place on Faculty of Eastern Kentucky Normal School

Miss Marguerite Hinckley, for the past two years teacher of third grade branches at the Garfield school, Third ward, has resigned to accept the position of grammar grade critic in the Eastern Kentucky State Normal school at Richmond, Kentucky. She takes up her new duties in September. Miss Hinckley is a graduate of the Stevens Point High school and is also an alumnus of Wisconsin university at Madison. She taught in Minnesota a couple of years before returning here and is well equipped for the performance of her larger duties in the Blue Grass state.

Richmond is a city of 7,000 people, the county seat of Madison county, and is surrounded by rich iron, coal and lumber industries. It is also a stock raising and tobacco growing country. The Normal at that place is comparatively new institution but already has an enrollment of several hundred students.

The young lady has been recognized as one of our best teachers and while her departure from the membership of the local staff is regretted, hundreds of friends will rejoice to learn of this substantial promotion. Marguerite is the daughter of Mr. and Mrs. C. D. Hinckley, 607 Main street.

## DEATH OF WILLIAM BIBBY

William Bibby of Wausau, a brother of John Bibby of Almond, died at his home in Wausau Monday afternoon of ulcers of the stomach. Mr. Bibby was born at Omro, Wis., Oct. 27, 1852, and went to Wausau in 1870. He was a head sawyer by trade and was employed in that capacity for many years in Marathon county saw mills. His wife, who was Miss Josephine Lacy, died in 1905. There are seven surviving children, two sisters and one brother.

## GUERNSEY BREEDERS MEET

Annual Picnic of Portage and Waupaca Counties Association Set for June 20.

The seventh annual picnic of the Portage and Waupaca Counties Guernsey Breeders' association will be held Saturday afternoon in Menomonie on June 20, when a record breaking number of residents of the two counties is expected. Last year the picnic was held at Nelsonville and was the largest of its kind ever held in Wisconsin.

A representative of the American Guernsey Cattle club of Peterboro, N. H., Gavin McKerrow of Winona and a representative of the Wisconsin Live Stock Breeders' association will be among the speakers. Mayor Holly of Waupaca will extend a welcome, the response to which will be made by L. E. Gordon of Nelsonville, president of the association.

A stock judging contest will be held at 10 o'clock under the supervision of J. M. Coyner, agricultural representative of Portage county, for which liberal prizes will be given. There will also be many other features to make the affair one of pleasure and profit for all who attend.

A general invitation to the picnic is extended and all are asked to bring their basket of eatables. Coffee will be served free at noon.

## THE WEEKLY CONCERT

Below is given the program for an open air concert by Weber's band at court house park on Thursday evening of this week:

March—"The Golden Star".	Bugles
Overture—"Glorious Nation".	Bugles
Waltzes—"Adeline".	Trumpets
Trombones Solo—"Homecoming".	Altoys
Valentine Suite	
Popular Medley—"The King Pin".	Taylor
March—"Salute to Washington".	Kister
Finale—"Our Spangled Banner".	Key

## HE'S WITH UNCLE SAM

That thrift and patriotism go well together has been demonstrated in a practical way by Walter Bruce, 12-year old son of Mr. and Mrs. E. Bruce. When he was a baby a bank account was started for him and he has since added to this steadily. Monday he took \$50 from his account and purchased a Liberty Bond and he has also donated \$5 to the Red Cross. He is probably the youngest owner of a Liberty Bond in the county.

## CONFER ON STREET LIGHTS

A conference attended by members of the citizens' lighting committee, the council lighting committee and Manager A. H. Silos of the Wisconsin Valley Electric Co. was held Monday evening for the purpose of talking over the proposed plan for modernizing the local street lighting system. The two committees submitted their recommendations several weeks ago, calling for a wider distribution of light throughout the city at stated rates. The present market conditions make it unduly expensive to make extensions of electric lines, but it is hoped to be able to come to some agreement for building up an improved system within the area already served by the company's lines. There seem to be no differences between the committees and the company that can not be overcome and prospects are good for reaching a decision fair to both the city and the company.

The Whiting-Plover Paper Co. is constructing a concrete tennis court at Whiting, just east of the mill. The court will be for the general use of the employees. The work was begun Monday and will be finished this week. Florence Frost, daughter of Mr. and Mrs. George Frost, suffered a fracture of the bone of her upper left arm near the elbow recently in an accident at school. She was standing on a step when a dog playfully jumped against her, throwing her down. It is hoped that the injury will not leave any permanent ill effects.

## JOHN A. HOFFMAN DEAD

John A. Hoffman, former register of deeds of Wood county and ex-mayor of Marshfield, died at his home in Marshfield this noon. Mr. Hoffman was the father of Oscar J. Hoffman, whose wife was Miss Esther Boston of this city. Several years ago he suffered an injury in a fall from a fire truck at Marshfield, from which he never fully recovered. He also suffered from stomach trouble.

## CONDITION IS CRITICAL

Mrs. John A. Murat, wife of the county judge of Portage county, is gravely ill at the family home on Strong's avenue and hope for her recovery has been practically abandoned. Mrs. Murat has been suffering from anemia and complications and for several days has been steadily sinking. Her husband and their children, L. J. Murat, Walter B. Murat and Miss Stella Murat, are at her bedside constantly. She is unconscious most of the time, but is occasionally able to recognize those about her.

**FORTY-EIGHT FINISH  
HIGH SCHOOL COURSE**

Rev. D. D. McLaurin Delivers Powerful Address at 37th Annual Commencement

"Four things a man must learn to do, If he would make his record true: To think without confusion clearly; To love his fellow men sincerely; To act from honest motives purely; To trust in God and heaven securely."

Using the foregoing poem by Henry Van Dyke, teacher, preacher and diplomat, as his text, Rev. D. D. MacLaurin, pastor of the Baptist church of Madison, delivered a stirring and inspiring address at the thirty-seventh annual commencement exercises of the Stevens Point High school, held in the Normal auditorium last Thursday evening.

Mr. Mac Laurin is a speaker who radiates enthusiasm, and his address teemed with patriotism and good advice. Twice he was interrupted by applause—when he paid a glowing tribute to the glory of France for her successful stand against the German army in the march toward Paris, and when he declared the Stars and Stripes stand for the greatest principles of democracy, not only in our own country but in the world.

"Thinking is an intellectual gimlet by which you bore into a thing to see what's inside," said Mr. Mac Laurin. "And what is more," he continued, "thinking is an intellectual gimlet by which you bore through a thing to see what's on the other side." Failure to think without confusion is one of the great weaknesses of men, he declared. He said he admired William Jennings Bryan as a Christian man, a man of good motives and a man of great ability, but Bryan has been a failure in the larger sense because he has not always thought without confusion. Because of this he has three times been defeated for the presidency, and his resignation as secretary of state in the Wilson cabinet during a national crisis—an act attributable to failure to think without confusion—resulted in his being roundly criticized.

The German Kaiser—taking him as representative of the German government—did not think without confusion, said Mr. Mac Laurin, when he violated the neutrality of Belgium, when he sent the Zeppelins to England and when he ordered the United States off the high seas.

To those who feel that the entrance of the United States in the present war was unjustified, Mr. Mac Laurin gave the same advice—to think without confusion. He pointed to the attempt of Germany to form an alliance with Mexico and Japan against the United States as an illustration of Germany's hostility and declared that the German government designed to destroy the efficacy of the Monroe doctrine. "We are fighting, not to save France, though that would be glorious in return for what France did for us, but for our defense," Mr. Mac Laurin asserted.

Mr. Mac Laurin spoke for one hour, expounding each of the "four great things of life" with apt illustrations and powerful exhortations. Occasionally he would inject a bit of humor, which served to relieve the tension. That his large audience was fully in sympathy with him was evident from the remarkable attention given and the applause accorded him at the close.

In presenting the graduating class to R. A. Cook, president of the board of education, Superintendent H. C. Snyder mentioned the fact that three of the 48 members, Helen Martini and Grace Jackson, who are ill, and Andy J. Shumway, who has joined the navy, were unable to be present. Mr. Cook spoke a few words of congratulation, then gave out the diplomas.

The High school orchestra played several selections during the evening and Mrs. Luella Chapman Pierce, supervisor of music in the public schools, sang four solos, with accompaniment by Miss Lillian Anderson. Two of Mrs. Pierce's numbers were given as encores. The invocation was given by Rev. R. J. McLandress of the Presbyterian church and the benediction by Rev. E. Croft Gear of the Episcopal Church of the Intercession.

**RENTS BRENSNAHAN SALOON**

One of those who have applied for saloon licenses in Stevens Point for the 1917-18 year is Patrick Barnett, an old time woodman and river man who is well known among the older residents of the city. Mr. Barnett has rented the P. J. Bresnan saloon at the South Side and will undoubtedly be licensed by the council. Mr. Barnett has been a resident of Phillips since 1886. He and his family, consisting of his wife and daughter, Blanche, will arrive here about July 1 in commencing on Mr. Barnett's removal, the Phillips Times said. "In the removal of Pat Barnett Phillips and Price county will certainly lose an honorable and respected citizen, one whose personal popularity with the people of our county has in the past elected him sheriff when his party ticket was in a most hopeless minority."

**DIED AT NORTH FOND DU LAC**

Samuel Marcos, Sr., aged 74, a pioneer resident of North Fond du Lac, where he lived for 42 years, died last Wednesday afternoon at the home of his daughter, Mrs. Martin F. Tates, at that place. Mr. Marcos was born in Canada, but came to Fond du Lac county in 1848. Fifty-two years ago he was married to Miss Lavina Duranze of Stevens Point, who died thirty-four years ago. Although he had nearly always lived in Fond du Lac county, Mr. Marcos was quite well known in this vicinity, having followed the occupation of woodmen in the old days during the winter months. He leaves five children, twenty-two grandchildren and one great grandchild.

**Local Notes.**

Percy Dafoe of Dancy spent Sunday in this city visiting friends.

Miss Laura Pratt went to Junction City Sunday morning for a few days' visit with Mrs. A. E. Dafoe in Eau Claire.

Martin Reischl, who has been teaching in Alaska, Keweenaw county, is spending several days in this city visiting friends.

Miss Ethel Mitchell of Ladysmith is spending the summer in this city, a guest at the home of her aunt, Mrs. C. R. Richardson.

Leo F. A. Hein, a student at Chicago university dental school, has completed his first year's work there and returned home last week.

Miss Bessie Wakefield, who has been teaching in the Waupaca public schools, has returned to her home in this city to spend the summer vacation.

Phillips Times: Miss Gladys Barnett has accepted a position as operator in the Stevens Point telephone central office and left Sunday to take up her work.

Emil Hoosoo was a recent visitor to Manitowoc, where he was the guest of his sister, Miss Selma, who is a member of the High school faculty at that place.

P. J. Jacobs and daughter, Louise, left for St. Louis Sunday to attend the annual meeting of the National Retail Hardware Association, which is being held there this week.

Little Miss Arville Dodge went to Marshfield last Thursday, where she danced in a school entertainment in that city. She was accompanied by her sister, Miss Elizabeth Dodge.

The Misses Georgia and Gertrude Stockley, who teach in the schools of Wausau and Marshfield, respectively, have returned to their home in this city to spend their summer vacation.

Frank Cormack of Eau Claire, who represents the Wisconsin Pharmaceutical Co. of Milwaukee, was in the city part of Monday. Mr. Cormack is a son of Mr. and Mrs. John Cormack, Ellin street.

Miss Isabelle Pfiffner, who has been teaching in the schools of Fond du Lac, Wis., returned Friday to spend the summer vacation at the home of her parents, Mr. and Mrs. J. J. Pfiffner in this city.

Prof. James E. Delzell of the Normal faculty will deliver the commencement address to the eighth grade graduating class of the Sheboygan public schools on Friday evening of next week.

Wilson Delzell, who has been teaching in the commercial high school at Omaha, Neb., will arrive in the city the latter part of this week for a visit at the home of his parents, Prof. and Mrs. James E. Delzell.

Mr. and Mrs. John Winecki and daughter, Eva, returned this morning from Eau Claire where they attended the wedding of their son and brother, Frank Winecki, which took place yesterday morning in that city.

Misses Agnes Meagher and Ellen Ryan came here from Chilton last week to attend the Normal commencement exercises and visit friends in town. Miss Gertrude Meagher, a sister of Agnes, finished the primary teacher's course.

Prof. D. A. Schwartz and family have moved from the house they have been occupying at 806 Main street, to their home at 1037 Main street. Various improvements are being made to the interior of the home, including redecorating and painting.

Sawyer Record: Mrs. Hattie Biegler returned home on Friday evening from Aberdeen, S. D., where she had been a guest of her daughters, Louise, and Mrs. J. H. Parden, and son, Lester. She was accompanied home by Mrs. Parden, who will visit here for a few weeks.

Mrs. Win. Rothman has gone to Hayward for a several weeks' visit at the farm home of her cousin, J. J. O'Neill. Mrs. Rothman has been in poor health for several months but it is hoped that the bracing air of northern Wisconsin will fully restore her vitality.

Mr. and Mrs. W. P. Mailer and children of Galeville, motored to the city last week and have been visiting at the homes of their sisters, Mrs. W. L. Brouse, Mrs. E. L. Ross and Mrs. H. A. Voth. They left Monday for a few days' trip to Appleton, Fond du Lac, Oshkosh and other points, after which they will return here.

Mrs. Elizabeth Amery, instructor of home economics at the University of Wisconsin, addressed the Girls' club of Stockton and the Girls' club of Nelsonville yesterday and today, accompanying her talk with cooking demonstrations. At the former place the young ladies met at the home of Miss Nora Tovey and at Nelsonville at the home of Miss Nora Bowen.

Hancock News: A 220-acre field of fine pedigreed rye on O'Connor Street in the town of Hancock is something worth going to see. The plan to plant there this season will consist only 100 acres, the smallest in 30 years. More land is being devoted to feed for their large and growing herd of Shorthorns. Their large acreage of clover is now very productive.

Ralph A. Wagner, formerly manager of the Swanson Lumber Co. yards at Randolph and Milwaukee, is now secretary of the Kellogg Bros. Lumber Co., which latter concern recently bought the Wood county plants mentioned above, making a total of twelve now owned by them. Mr. Wagner will pay particular attention to the site business, which department will be added to all of their yards.

Waupaca Record Herald: Mr. and Mrs. Karl Mathe and daughters, the Misses Elizabeth and Cornelia Mathe, arrived Thursday from Stevens Point, where Miss Elizabeth was one of the graduates of the Normal school, to attend the High school commencement exercises this evening. They are guests at the home of Mr. and Mrs. W. E. Schofield. From Waupaca the family will go to Appleton to attend the Lawrence College commencement. They are making the trip by auto.

Second Robbery in Past Week Occurs Saturday Night—Lewis Home on Elm Street Entered

Unknown persons, presumably those who robbed the home of F. H. Lovelock on the evening of June 3, gained entrance to the home of Alfred Lewis on Elm street, between 8 and 10 o'clock last Saturday evening. A gold filled watch, a ring and sum of money are among the articles reported stolen.

That the robbery was committed so early in the evening tends to show that the house had been watched and entered soon after the departure of the family. Mr. and Mrs. Lewis left their home at about 8 o'clock. Upon their leaving, all of the doors had been fastened, but upon their return the front screen door was found to be unlatched. This at once aroused suspicion and a brief investigation showed that the house had been thoroughly ransacked, upstairs and down.

A writing desk in the parlor was pried open and the contents left in disorder. The work was probably done with a large scissors, which was found on top of the desk with one point broke off.

Throughout the house, upstairs and down, burned matches had been thrown upon the floor, indicating that the thief was the work of boys.

Among the articles stolen at the Lovejoy residence was a bunch of keys belonging to F. H. Lovelock, which were found last Friday by George Hubbard in his yard on Water street. Whether they were dropped by the thief or thieves or thrown into the yard is not known, although the former is believed to be the case as a clothes line near where the keys were found was torn down, probably by the person in going through the yard.

**LOST PART OF FINGER**

Leo, the 12 year old son of Mr. and Mrs. Julius Falkwick, is minus a part of the little finger of his left hand as a result of a recent accident. The Falkwick family was visiting at a farm home and Leo, while playing on a "whirl-a-gig," got his finger caught in the mechanism. On being brought to the city the digit was amputated at the first joint.

**BACKACHE**

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys.

The kidneys are the scavengers and they work day and night in separating the poisons from the blood. It is only reasonable to believe that they are liable to derangement. Their signals of distress, however, are easily recognized and include such symptoms as backache, depression, drowsiness, irritability, headache, dizziness, rheumatic twinges, droopy, gout.

"The very best way to restore the kidneys to their normal state of health," says Dr. Pierce, of Buffalo, N. Y., "is to drink plenty of pure water and obtain from your favorite pharmacist a small amount of Amnic, which is dispensed by most every druggist." Amnic is inexpensive and should be taken before meals.

**A WALKING SHADOW.**

Marshfield, Wis.—"About fifteen years ago I developed quite a severe case of woman's weakness. I was very miserable, could not eat, lost in weight and strength until I was almost a walking shadow. I took medicine prescribed by the doctor, but got no relief. I began taking Dr. Pierce's Favorite Prescription and three bottles cured me. I was feeling splendid, could eat and sleep well and gained in strength and weight. I also gave it to my daughter. She was weak and had falling spells and the medicine cured her. We also used Dr. Pierce's Pleasant Pills; there is nothing to equal them.—Mrs. E. D. Jevings, 106 S. Vine Street, Marshfield, Wis."

**WINSHIP SPEAKS AT FINAL EXERCISES**

**Noted Boston Man Delivers Commencement Address to Normal Graduates Thursday**

Dr. A. E. Winship of Boston, Mass., delivered the commencement address to the graduating class of the Stevens Point Normal in the Normal auditorium on Thursday morning of last week. Mr. Winship is a man of strong personality and an effective speaker. He chose as his subject, "Education," and as his first point outlined the rapid progress which has been made in industries, in culture and in education. He dwelt on the finer phases of education and showed clearly the difference between education and scholarship. The speaker then showed the rapidity of the present day world activities and how we must keep pace with them and always look forward, not backward. In concluding, he illustrated how education must, first of all, start on the ground and must consist of initiative added to the book knowledge which is acquired.

Following the address, Pres. John F. Sims made the presentation of diplomas and certificates to the members of the graduating class. Diplomas were granted to 145 students who had completed the various courses and 91 certificates to those who had finished the rural course.

At the beginning of the program the presentation of two pictures to the Normal school was made by Emil Hofsoos, in behalf of the class of 1916. The pictures are etched in colors and are the first of their kind in the school, being a departure from the old form of painting. They were selected by Miss Ethelene Flanagan, head of the art department at the Normal.

**NOW BUNNELL LAWYER**

Young Stevens Pointer Moves From Palatka, Fla. to New County Seat Town in Same State

Geo. B. Everson, a former popular young Stevens Pointer and student at the Normal school, who went south a few years ago and graduated from the law course at Stetson University, Florida, is now located at Bunnell in that state, where he practices his profession.

George moved to the latter place from Palatka and that his departure was regretted may be judged from the following complimentary paragraphs in the Palatka Morning Post of May 28th, which also published a good picture of the young attorney:

"Col. George B. Everson, who has been actively associated with Col. J. V. Walton, leaves today for Bunnell, the county seat of the newly created Flagler county, where he has opened a law office. Mr. Everson came to Palatka about three years ago, immediately after his graduation from the law department of Stetson University, and during his residence here he has earned the respect and a place in the hearts of our people. His sunny nature and gift of clever repartee make him a favorite in any gathering, for when George smiles the clouds drift away."

"It is with regret that we announce the departure of Mr. Everson, but he takes with him our hearty wishes for his success in his new field of endeavor. His departure is our loss but Bunnell's gain, and we congratulate that thriving little city on the acquisition of one of our most promising and likeable young men."

**TO NATIONAL MEETING**

Portage county will be represented at the national encampment of the Modern Woodmen of America, which will be held at Chicago from June 19 to 22, by Otto McGowan of Plover, George W. Vaughn and C. W. Simonsen of Stevens Point and possibly others. Morris McGowan and Simonsen will leave for Chicago on Friday of this week and will attend the annual meeting of Modern Woodmen clerks, which starts on Saturday. Mr. Stevenson will remain for the main sessions. Mr. Vaughn, who is to serve as delegate from this district, will go to Chicago Saturday.

**RAILROAD BILL KILLED**

The Wilcox bill, offered for the purpose of making railroads bear the entire cost of removing dangerous crossings by elevation or by building subways, was killed in the state senate last week by a vote of 17 to 14. Many municipalities of the state favored the bill and two or three times appeals were made to the common council of Stevens Point to lend its support. It was killed after a debate of two and a half hours, in which Senators Bennett and Bray led the opposition fight.

**HOLD ANNUAL BANQUET**

Nelson Hall Scene of Annual Event in Connection With Normal Graduation Exercises

The annual banquet of the Stevens Point Normal Alumni association was held in Nelson Hall, the recently completed girls' dormitory, on Wednesday evening of last week. The dining room was prettily decorated in the 1917 class colors of green and gray, and ferns were also placed about the room. A three course meal was served, prepared by the Junior home economics girls of the Normal.

Following the banquet a short program of toasts was carried out, Prof. E. T. Smith acting as toastmaster. Mrs. A. R. Pott was elected president for next year, succeeding Miss Maude Brower. Miss Marie Zimmerman was elected vice-president and Miss Winifred Nelson, secretary and treasurer. The latter part of the evening was spent in dancing in the Normal gymnasium.

**County Agricultural Agents and Other Farm Experts Hold Meeting at Appleton**

To help the small farmers with forty acres and few transportation facilities raise and market a food crop and to make it possible for the factory laborer to obtain this feed at a moderate price during the coming winter, was the great aim of the county food agents who met Wednesday at Appleton, says the Appleton Crescent.

Following the address, Pres. John F. Sims made the presentation of diplomas and certificates to the members of the graduating class. Diplomas were granted to 145 students who had completed the various courses and 91 certificates to those who had finished the rural course.

**LEADBETTER IS CAPTAIN**

Lorenzo Leadbetter of Rhinelander, a former resident of Stevens Point, has been appointed captain of the newly formed militia company of Shawano. "Captain Leadbetter" says the Rhinelander New North, "was at one time first lieutenant of Company L of Rhinelander and is regarded as one of the most efficient young military men in the state. His appointment to the above post is a recognition of his ability as an officer." Captain Leadbetter has already assumed command of the Shawano company, which numbers 142 men.

**LAZINESS**

Studios physicians are beginning to question if laziness is ever a natural characteristic of otherwise healthy individuals. Too often they have found it to be a symptom of an obscure disease which is not easy to recognize. Consider the plight of the "poor white trash" and the "lazy good-for-nothing negroes" of the south for example.

Industrious and well-to-do people of the north and of the south, too, for that matter, have looked upon these people with what they have thought to be well merited contempt. But a few well trained physicians, well equipped with microscopes, have turned that contempt into sympathy and pity. By their exact methods of investigation they have established the fact that millions of people are the victims of a serious disease due to infection by hookworm.

The hookworm attacks people through the feet. Poor people in the south, therefore, who, because of poverty go barefoot, are especially liable to infection. Victims discharge the worms from their bowels. The wretchedly insanitary privies which characterize poverty stricken neighborhoods make it possible for generation after generation of these worms to circulate from old victims to new ones. We have, then, another instance of an endless and deadly chain of cause and effect.

The chief symptom of the disease are weakness, anemia and a tired, listless feeling. Incidentally as it is estimated that at least a third of the southern population is infected, it is easy to see how this disease, alone, could have given the south the reputation of being the home of a lazy and shiftless people. Fortunately, a cure has been found which is quite certain, speedy and cheap. Unfortunately, the people have become so poverty stricken as a result of the Civil war and this disease that many haven't the means of paying even the small cost of their successful treatment.

"What Does Cupid Think?"

Some scientists have decided that midwives must go, for it is a parasite, they say, and saps the vitality of the trees on which it grows. The birds are at fault too, for they scatter the seeds from tree to tree. Will Cupid ask these wise people to provide a substitute?

**LECTURE ON OUR FLAG**

**Former Stevens Point Lady Delivers Patriotic Talk to Marquette University Students in Milwaukee**

The Marquette Tribune, a weekly publication issued by the students of Marquette University, Milwaukee, contained this complimentary reference to an address delivered by Mrs. W. J. Cronyn, whose local friends will remember her as Miss Carrie Cote, daughter of the late Judge and Mrs. Geo. W. Cote.

"Mrs. W. J. Cronyn, of the flag committee of the D. A. R., Wisconsin chapter, delivered a lecture on 'The History and Evolution of the Flag,' before an audience of Marquette University students, Thursday afternoon, in the lecture hall of the Public Library.

"Mrs. W. J. Cronyn added to the splendid thought of the speech by a perfect presentation of her theme. There was not a dry moment in the hour. The lesson of the flag was driven home by a wealth of anecdote, humor and telling illustration. The speaker's rich low voice which, without any effort, penetrated to every part of the hall, her splendid diction and graceful delivery held the undivided attention of the students. It is to be regretted that the clash of classes and exams prevented many from attending. It is hoped that Mrs. Cronyn will repeat her lecture at a time when more of the students can attend. The two hundred who heard her are enthusiastic in their praise of the artistry which carried with it a strong lesson in patriotism."

The moral is that people who are unaccountably tired and listless should be searched by a competent physician for a possible obscure, blood sucking disease.

"Is he a patient man?"

"Very. Even the telephone service doesn't annoy him!"

**Reproduction of Pictures Printed in The Gazette Within Past Several Years.**

It was more through accident than design that the pictures of three fine looking men were "bunched" in a single issue of The Gazette, but such happened to be the case last week. The upper cut, labeled No. 52, showed the features of Chas. Hammon, a former chairman of Lanark township and one of Portage county's best known citizens; No. 53 showed an excellent likeness of Fred. B. Rawson, the Plainfield hardware merchant and all-around good fellow, and the lower cut was easily recognized by the many local friends of J. E. Roberts, for several years superintendent of the Stevens Point public schools and who now fills a like position at Fond du Lac. Mr. Roberts is being favorably mentioned as a successor to John A. Keith as president of the Oskosh Normal school.

Wonder how long the Germans can continue to retreat "to positions prepared in advance?"

"Black Jack" Pershing, who is to be commander-in-chief of the American forces in France, arrived in London last week, and in true American style said he was glad to lead the Stars and Stripes into battle against Prussianism.

It is reported from Madison that among the different nationalities registering in Wisconsin under the conscription law last week the smallest percentage of claimed exemptions is found among the Poles.

"Conscience, and morally unfit" is the exemption from military service claimed by Frank Raguse, Milwaukee, former Socialist member of the state senate who was recently expelled from that body when he refused to withdraw remarks considered un-American and disloyal.

Kaiser Bill declared his troops will wear the allied forces down to the point of exhaustion, when the enemy will be glad to lay down their arms. A few more "strategic retreats" by the Germans will doubtless tire the allies, but changes in the war map indicate that they haven't yet started laying down their arms.

Ten thousand Confederate veterans, escorted by a G. A. R. guard of honor, marched between cheering crowds past the White House at Washington last week, when President Wilson reviewed them. A sign that attracted much attention read in letters two feet high: "D—n the man who ain't for his country right or wrong."

President Wilson has opposed a movement launched in many munitions manufacturing districts to lengthen the hours of labor. "I feel that there is no necessity for such action and that it would lead to a slackening of the energy of the nation rather than to increase it, besides being very unfair to the laboring people themselves," the president said.

"Hygiene is the art of preserving health; that is, of obtaining the most perfect action of body and mind during as long a period as is consistent with the laws of life." So wrote a man who devoted all his adult life to the promotion of public health and who died at the age of 56 of pulmonary tuberculosis. Edmund Alexander Parkes, born March 29, 1819, physician, surgeon, sanitarian and author, left perhaps a greater impress on sanitary science than any Englishman of the nineteenth century. His work ranges from the theoretical consideration of the minutest details of chemical and physiological research to the practical consideration of the cleansing of a sewer or the lightening of the soldier's knapsack. India, the Crimea and London saw his labors and benefited thereby.

War brings some good things in its train. Just as the Napoleonic campaigns perfected the art of transporting the sick, and the loss of life from preventable disease in the Spanish war quickened the sanitary conscience of the American people, so the horrors of the Crimean campaign made Parkes a professor of military hygiene. He organized a complete course of instruction based on the principle that the student must be able to practically apply the lessons which he learned. Many of the sanitary reforms which he inaugurated are now bearing fruit in the improvement of the well-being of the community at large.

Health is the efficient reaction of the mind and body to its environment. Self-interest, state benefit and pecuniary profit require that the whole nation be interested in the proper treatment of every one of its members and "in its own interest it has the right to see that the relations between individuals are not such as in any way to injure the well-being of the community at large." This is being realized in the United States today as never before and on every hand the general government, the state and local health authorities and the general public are seen striving toward the accomplishment of this ideal. —U. S. Public Health Service.

What's the matter with Russia? Nearly Forty Years Succumbs  
to Short Illness

Mrs. Casimir Klish, aged 72 years, died at the family home at Mill Creek in the town of Carson at 4 o'clock yesterday afternoon, following an illness of five days with pneumonia.

Mrs. Klish was born in German Poland on July 16, 1844. Together with her husband, she lived in Chicago for a short time, after which the family moved to Stevens Point, where they resided for about a year. For the last 38 years she had lived at the present family home in Carson.

Surviving relatives include her husband, six sons and one daughter, as follows: Bert, George and John of this city, Nicholas of Carson, Mrs. John Kaminski of Carson and Peter and Steven at home. One brother, Matt Shopczak of Carson, also survives.

The funeral will be held from St. Bartholomew's Catholic church at Mill Creek tomorrow morning with interment in the parish cemetery.

**STEWART GOES EAST**

Walter Stewart, who enlisted in the navy as a landsman for musician a couple of weeks ago, left last Thursday morning for Milwaukee in response to an official notification. He expected to go from there to the Great Lakes naval training station, but instead was ordered direct to the government training school at Norfolk, Va. He left Milwaukee Thursday night, going via Chicago and Cincinnati. In a letter received by his parents, Mr. and Mrs. W. A. Stewart, written from Cincinnati Saturday, he said he was much pleased with his treatment by the government officials and spoke highly of the young men who were with him. Walter, who was a star athlete at the local Normal, is an accomplished clarinet player, having played in the band at Antigo before coming here.

**FAMOUS UTICA SINGERS**

A company of Negro Jubilee Singers from the Utica Normal and Industrial Institute, Utica, Miss., will appear at Memorial Presbyterian church on June 21, at 8 p.m.

These singers have traveled over the New England states, and in many other parts of the country, singing in the interest of their school, of which many of them are graduates. The program to be rendered consists of the old-fashioned plantation melodies, negro folk-songs, southern gospel hymns, dialect readings and a short address, entitled, "The Story of Utica." This is a charmingly interesting program, and is bound to please all who hear it. These young people are a highly trained group of singers and the community is to be given a real treat in their appearance here.

The Utica school has grown since its founding in 1903 from an old log hut and two trees, to the point where it now has 14 buildings, 1,700 acres of land, an improved heating, lighting and water system, etc. There are twenty distinct trades and industries taught to more than 400 students annually by a faculty of 30 teachers and officers—all of them Negroes.

Admission will be free to this concert; but an offering will be requested, to assist in the operating expenses of the Utica Institute.

The annual eighth grade graduation exercises were held at Lincoln school last Thursday afternoon, when a splendid program was carried out and diplomas presented. There were sixty-one students who completed the grade and most of them will continue in the High and Normal schools.

**PLAN CANADIAN FACTORY**

Bukolt Manufacturing Co. will establish plant in Manitoba to escape tariff.

John J. Bukolt, head of the Bukolt Manufacturing Co., expects to go to Portage La Prairie, Manitoba, next week to complete arrangements for establishing a Canadian factory for the manufacture of Highway tire protectors.

The company has worked up a big business in Canada, but it is at a disadvantage in meeting the demand there on account of the tariff. A distributing agency has been conducted at Portage La Prairie and citizens of that place have placed a factory at the disposal of the company, at a reasonable rental. It is proposed to put in equipment capable of turning out 200 pairs of protectors daily, which will mean a crew of about 75 men. A foreman from the local factory will be sent there as superintendent.

The company has discontinued its advertising campaign owing to inability to keep up with the demand for the protectors. Although there is difficulty in getting raw material, the chief handicap is lack of room, occasioned as a result of delay in getting the new cradle factory ready for occupancy. When the elevators, which have already arrived, are installed in the new building, the old plant will be used entirely for the manufacture of the protectors.

**WILL GRADUATE EIGHT**

The graduating exercises of St. Stephen's parochial school will be held next Wednesday afternoon, when eight pupils, four boys and four girls, will complete the eighth grade work. The closing exercises will include a review of some of the exercises covered during the school year, with reading, singing and instrumental music. The regular fall term will open on Sept. 3, or the same time as the public schools.

**LONG ILLNESS FATAL**

Mrs. Anastasia Olzewski, aged 47 years, died at the Wood county asylum at Marshfield last Saturday afternoon following an illness of many years. The deceased was born in German Poland on March 3, 1870. After coming to this country the family first lived in Chicago but later moved to this city. The body was brought to this city Monday afternoon and the funeral held from St. Peter's Catholic church yesterday morning, Rev. S. A. Elbert officiating. The remains were laid to rest in the Guardian Angels' cemetery at the east end of Main street, it being the first burial there.

Surviving relatives include her husband and five children.

## News Snapshots Of the Week

While the astounding outpouring of young America, anxious to be placed on the nation's honor role, has given new hope to the freemen of the world, the government continued the roundup of slackers, while the machinery was oiled for the drawing of the names to be selected for the draft army. Our destroyers in European waters continued their work of patrol, one of them being recently visited by King George. The gun crew of the American merchantman Silver Shell sank a submarine on the twenty-fifth shot. England has named Lord Northcliffe, newspaper owner, to head its mission in America. The arrest of Harry F. Perissi, Irving Bonaparte and Axel B. Melchar by the government revealed a secret German mail plot to communicate from here with the enemy. Reports from the long missing arctic explorer, Donald MacMillan, tell of having discovered new islands in the north.

## COMPLETE PLANS TO DRAFT ARMY

**Those Chosen Will Be Given Time to Arrange Details.**

### MANY WILL BE EXEMPTED.

Number of Boards to Be as Numerous as Were the Registration Boards. Tentative Outline of Regulations. Northcliffe Heads British Mission Here—Other News Notes of National Capital.

Washington.—[Special Correspondence.]—"If I am called as a member of the conscripted army, when will I have to report?"

This is a question that is being asked by a large majority of the 10,000,000 men who registered on Tuesday, June 5. As yet it has not been officially stated, and it may be a week or two before the officials here complete the plans. It can be stated with practical certainty, however, that the men who are chosen will not be required to leave their present positions before Aug. 15 or Sept. 1, although in all probability the process of selecting those who are to serve will be completed before that date.

The government will give the men six weeks or two months to get their business affairs in shape before answering the call to arms and assist in bringing a victorious peace to democracy.

#### Many Boards of Exemption

The number of exemption boards will be almost as numerous as were the registration boards. The government has pledged itself that every man who registered will be afforded absolute fairness and justice if he cares to enter a plea for exemption. The district exemption boards, which will be made up of neighbors of the applicants, are not the final authority. Boards of review will sit in each federal court district to hear and judge the cases of those who believe that they have not been justly used by the local exemption boards.

Another task rests upon the shoulders of the country in general—the tracking down of the slackers who have dodged registration. The government will depend largely upon the people for information. It believes that men and the relatives of men who have faced the issue with courage will be only too eager to report the others.

This principle began to work out of its own accord in New York city. Authorities there received scores of letters and telephone calls from neighbors of "quitters." All of these cases will be investigated, and in addition a house-to-house canvass has been begun by federal agents and police.

Arrests for evading the draft have so far been few and scattered. Except for the Ute and Navajo Indians and a Russian colony in Arizona, there has been no organized attempt to resist registration. In the above cases the hostility seems to have been born of ignorance.

#### Outline of Regulations

The regulations, when finally drafted, will be carefully examined by President Wilson himself and will not be promulgated until he has approved them in detail. The general principles which will govern them follow:

First.—The individual will not be required to make a plea for exemption if his name is drawn in the drafting process. If an employer considers that the services of an employee are indispensable to the successful conduct of

ent post chiefly through the efforts of Lord Northcliffe.

This newspaper owner has been since the beginning of the war the molder of British public opinion. Through the Times, the Mail and more than a score of other publications throughout the United Kingdom he has wielded tremendous influence over the government.

His editorials first directed popular attention to the limitations of Kitchener. He braved overwhelming antagonism to point out that the "organizer of victory" was neglecting to send high explosive shells to the front when they were most needed.

As a result, although Kitchener retained his post of secretary for war, his powers were restricted, and Lloyd George, whom Northcliffe preferred, became minister of munitions.

When Kitchener was lost on a torpedoed British cruiser Northcliffe's power was exerted to place Lloyd George in the post left vacant. Later Northcliffe attacked the manner in which the coalition cabinet under Premier Asquith was conducting the war. The campaign which he launched overthrew the cabinet and raised up another, with Lloyd George at its head.

Wants Food Bill Rushed.

President Wilson is anxious to have the food control bill passed by congress at once.

The president has pointed out that legislation placing the control of food distribution and prices in the hands of this government is necessary at this time on account of the attempt that might be made by European nations to obtain options on the future crops of this country. In so doing, the senators were informed, prices of food supplies not only to this government, but to domestic consumers, would be increased beyond the figures quoted at the present time.

The president also indicated his great interest in the measure now pending in congress giving him authority to determine that certain kinds of traffic or particular shipments shall have priority in the transportation by railroads or water to meet existing emergencies. The proposed legislation, he stated, was part of the general plan to control the food supply of the country and should be coupled with whatever measures regulating the production and distribution of foodstuffs is enacted into law.

Herbert C. Hoover, who was called before the house agriculture committee for a conference on the administration's food control bill, advised strongly against putting into the bill the power to fix maximum food prices. Following the conference, it was intimated that this provision in the bill might be eliminated before it goes to the floor of the house.

Mr. Hoover discussed with Charles Lathrop Pack, president of the National Emergency Food Garden Commission, problems connected with the marketing of vegetables raised in war gardens. Mr. Pack reported that new gardens in villages, towns and cities, not including farms, would add 250,000,000 pounds of vegetables to the normal supply. Steps to prevent glutting of the markets are being considered. Summer resort hotels have been urged to buy as near home as possible.

#### Charges Declared Untrue.

Lord Northcliffe, who has been appointed head of the British war mission in the United States, will fill the place left vacant when Arthur J. Balfour, secretary of foreign affairs, returned to England. His task will be to co-ordinate the various British missions and to act in concert with the ambassadors of the entente allies and the American and Canadian governments.

This is the first political post that Lord Northcliffe, through his newspaper probably the most influential man in England, has accepted since the outbreak of the war, although his name has been advanced many times.

It is significant that the premier, with whose sanction the appointment is now made, was brought to his pre-

### OFFICIAL NOTICE

#### An Ordinance Governing the Sale of Milk and Cream in the City of Stevens Point, Wisconsin

The Common Council of the City of Stevens Point, Wisconsin, do ordain as follows:

Section 1. After April 1st, 1909, no person, persons, firm, corporation or company shall sell, deliver or dispose of milk or cream within the limits of the city of Stevens Point, Wisconsin, without having first procured a license therefrom from the City Clerk of said city, which license shall be issued to all applicants upon payment of ten cents for each cow owned or controlled by them from which milk or cream is to be sold in said city, no license to exceed five dollars, and who shall have complied with the provisions of this ordinance on the 1st day of April, 1909. Said license shall remain in force until the first Monday of April next after the granting of the same unless sooner revoked by the Board of Health of this city. Each licensee shall keep his or their license constantly posted in a conspicuous place upon the wall or room within which such sale of milk or cream is carried on, or in a conspicuous place in the vehicle used in the distribution or sale of milk or cream.

Section 2. Every person, firm corporation or company making application for a license to sell, deliver or dispose of milk or cream in the city of Stevens Point shall make application in writing, stating the following:

First. Name, residence and location of dairy or place of business of applicant.

Second. The number of cows from which milk is obtained for sales or controlled by applicant.

Third. If the applicant does not keep cows, then the source from which he obtains milk or cream for sale.

If, after the issuance of the license, any of the cows be disposed of and replaced by others or, if additional cows be added to the number stipulated in the certificate of health herein mentioned or if any change be made in the location of the dairy or place of business of the licensee, he shall forthwith inform the Board of Health of said city in writing of such change or increase in the number of cows.

Section 3. Every person, firm or corporation applying for a license to sell, deliver or dispose of milk or cream under this ordinance shall furnish with said application a certificate signed by a veterinarian authorized by the Board of Health to sign such certificate to the effect that all cows from which milk or cream is to be sold or disposed of are free from tuberculosis and all other contagious, infectious or injurious diseases as far as may be determined by a physical examination and the tuberculin test. Such physical examination and tuberculin test shall be conducted as prescribed by the Board of Health of said city and shall be made not more than 6 months prior to the date of the application for said license. If after the issuance of the license there are introduced into the herd any new cows, or any which have not been examined and tested as hereinbefore provided, no milk or cream shall be sold or disposed of from such herd in said city until such new cows have been examined and tested as herein provided.

Section 4. It shall be unlawful for any person, corporation or company to deliver, sell or dispose of, or offer for sale, any milk or cream within the city of Stevens Point, whose cows, stables, wagons, stores or places where milk is kept, stored or handled or conveyed are not thoroughly clean and in good sanitary condition, or whose bottles, cans, utensils in which milk or cream is kept or stored are not thoroughly cleaned, sterilized with boiling hot water each day and kept in good sanitary condition or whose cows are in any way diseased or are not fed on good wholesome food or not supplied with pure water, or unless all persons caring for and milking cows have their hands and udders of the cows cleaned before milking and such persons shall be free from any and every infectious or contagious disease and not caring for persons or animals having any contagious or infectious disease, and no milk or cream shall be sold or disposed of for human food which was drawn from any animal within eight days before, or four days after parturition, or which shall be taken from any shop or other place in where there is a contagious or infectious disease, until all danger of contagion or infection therefrom has been removed and until permission is obtained in writing from the Board of Health authorizing the sale of milk or cream from such houses or shop or other place.

Section 5. The Board of Health or any inspector designated by said board shall have the right to enter any building, wagon or place where milk and cream is kept or exposed for sale within the limits of the city of Stevens Point to ascertain whether the owner or occupant is complying with the provisions of this ordinance and shall have the right to take samples of milk or cream not to exceed one (1) pint from any can, vessel or bottle for the purpose of inspecting, testing, analyzing or microscopic examination. And whenever a sample so taken shall not correspond with, or shall be in violation of the requirements of this ordinance, such person, persons, corporation or company in whose possession, care, custody or control such milk or cream shall be found, shall be deemed guilty of misdemeanor and punished as hereinabove provided.

Section 6. Any person, corporation or company that directly or by any agent or servant, shall sell, offer for sale, exchange, deliver or carry for the purpose of selling, exchanging or disposing of for food in the city of Stevens Point, any milk or cream which is unclean, dirty, impure, unwholesome, discolored, rancid or which is drawn from diseased cow or cows, or which is diluted or not of the standard quality provided for by this ordinance, shall be deemed guilty of a misdemeanor and upon conviction shall be punished as here-

inafter provided, and such milk or cream shall be forth with confiscated and destroyed by the Board of Health or its authorized officer or agent.

Section 7. It shall be unlawful for any person, firm, corporation or company to sell or offer for sale any milk which has been watered, colored, adulterated in any way, or to which any preservative has been added, or milk known as "swill milk," or milk from cows that the most part have been kept in insanitary stables or are not provided with wholesome food and water.

Section 8. Milk containing less than three (3) per centum of milk fat, or milk containing less than eight and  $\frac{1}{2}$  per centum of milk solids, not fat, and all milk declared by the laws of this state to be adulterated milk, shall be termed and mean adulterated milk under the provisions of this ordinance, and it shall be unlawful to sell or offer to sell any milk that shall contain less than eight and one half ( $8\frac{1}{2}$ ) per centum of milk solids, not fat, or cream that shall contain less than eighteen (18) per centum of milk fat; provided, however, that "skimmed milk" may be sold to any person who is informed at the time of sale of its character, but only from cans or from boxes painted red and distinctly labeled in white letters "Skimmed milk," each and every letter being at least one and one-half inch wide, said letters and words to be placed on such cans or boxes in such position as to be most easily seen when such milk is sold or delivered.

Section 9. The Board of Health shall keep on file in the office of the City Clerk the names of all persons authorized by them to examine cows and make the tuberculin test and sign the certificate herein provided. The maximum charge by any such authorized person for making the tuberculin test shall be one dollar (\$1.00) for each cow tested.

Section 10. It shall be the duty of the Board of Health of this city to immediately cause the prosecution of any violation of this ordinance and to enforce the provisions of the same.

Section 11. Any person, persons, firm, corporation or company that shall violate any of the provisions of this ordinance shall upon conviction thereof be punished by the forfeiture of his or her, their or its license and by a fine of not less than five dollars (\$5.00) nor more than one hundred dollars (\$100.00) for each offense, together with the costs of prosecution, or by imprisonment in the county jail of Portage county not less than fifteen (15) days nor more than sixty (60) days.

Section 12. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 13. This ordinance shall take effect and be in force from and after April 1st, 1909, after its passage and publication.

Walter Eddy,  
Alderman 5th Ward.

## UNSHAKEN TESTIMONY

NEWS AND VIEWS FROM  
HERE AND THERE

Time is the test of truth. And Dean's Kidney Pills have stood the test in Stevens Point. No Stevens Point resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

J. P. Chealey, 743 Stronge avenue, Stevens Point, says: "I suffered severely from rheumatic pains and though I tried a number of medicines I didn't get any permanent relief. Others of the family had used Dean's Kidney Pills so I got some at Taylor Bros.' Drug Store. I took them with such good results that I didn't suffer again for years. I then had a slight re-attack but Dean's Kidney Pill again gave me quick relief."

OVER FOUR YEARS LATER Mr. Chealey said: "I again heartily recommend Dean's Kidney Pills to all sufferers of kidney complaint. I know they are fine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mr. Chealey has twice publicly recommended. Foster-Milburn Co., Proprietary, Buffalo, N. Y.

## GLIMPSES INTO PAST

Happenings Mentioned In The Gazette Twenty-Five and Ten Years Ago This Week.

## Twenty Five Years Ago

June 15, 1887

A little daughter was born to Mr. and Mrs. Frank E. Roe at their home on Stronge avenue, last Friday morning.

Forest Grant, one of Stevens Point's most popular young men, graduated from the Lake Forest, Ill., University, last week.

Swind C. Swanson, of Amherst, and Miss Ella Olson, of Scandinavia, were married at the residence of the bride's parents, Nels Olson and wife in the latter town last Sunday.

S. H. Kerner, a resident of Stevens Point since 1866, passed away last Wednesday afternoon, aged 77 years. Besides his wife, the deceased leaves one son, Sam E., of this city, and one daughter, Mrs. N. T. Kelly, of Waunau.

R. F. Baker, the confectioner, is entitled to the distinction of bringing the first "drop a penny in the slot" machine ever introduced in Stevens Point, and the little ones can now procure candy for that amount in a novel way and at the same time listen to a short selection in music.

The 12th annual commencement of the Stevens Point High school will be held at the Opera House on Friday morning when eleven young men and nine young ladies will deliver orations or read essays. The list of graduates is as follows: Julius Olson, Grace Reilly, Frank Leahy, Julie Wick, John Ball, Elliott Martin, Eunice Cooper, Lawrence McGregor, Chauncey Jones, Edith Bremmer, Burleigh Pink, Eva Agnew, Robert Allan Emily Spaulding, Arthur Wort, Mary Agnew, Hosie Rice, Alta Strope, Lee Murat and Nettie Bandow.

Plainfield.—The graduating exercises of the class of '92 were held Friday evening at the G. A. R. hall when six young people took part. The class consists of Mabel Pratt, Mae Burnham, Anna La Salle, Burt Walker, Harry Fox and Charley Walker.

## Ten Years Ago

June 12, 1907

Frank Kluck of the town of Stockton passed away at his home in that town Monday morning, aged 47 years.

W. F. Owen and T. H. Hanna have formed a co-partnership under the firm name of Owen & Hanna, for the purpose of continuing the practice of law.

The death of Mrs. George Wasserstedt occurred Thursday evening at her home on Jefferson street, aged 49 years. Her husband and one son survive.

Michael Ellerman passed away Friday morning at his home on Water street, aged 69 years. Those who remain to mourn his death are his widow and four children, the latter being Mrs. Wm. Eckles of Wausau, Mrs. Otto Reinkes of this city, Edward Ellerman of Star Lake and Charles of Buswell.

## NOTICE TO CONTRACTORS

Common Council Chambers, Stevens Point, Wisconsin, June 6th, 1917.

Published by the street committee of Stevens Point, Wisconsin:

Sealed proposals will be received at the office of the City Clerk until the 22nd day of June, 1917, at two o'clock p. m. of said day for the furnishing of all materials excepting the segment block which will be furnished by the city of Stevens Point, and further for the furnishing of all work necessary and required to construct the unfinished portion of the sewer known as the Brawley street sewer in the city of Stevens Point, Wisconsin, all according to the plans and specifications on file in the office of the City Clerk for the inspection of bidders.

Work shall be commenced on said sewer on or before the first day of July, 1917, and the whole work shall be completed by the first day of September, 1917, failing in which the contractor shall pay to the city of Stevens Point as liquidated damages the sum of twenty-five (\$25.00) dollars for each and every day's delay in completing said work.

A certified check in an amount equal to five percent (5%) of the bid must accompany each bid.

No bid will be considered that does not contain a price for doing the entire work of the completion of said sewer and in accordance with the plans and specifications.

All bids and the accompanying contract shall be written on the blanks prepared by the undersigned for the purpose and the price must be stated in writing and in figures.

Payout will be made by the city each thirty (30) days; and payment to be based upon the estimate of the engineer for said city, the city to reserve twenty per cent (20%) of the estimate of the amount due each thirty days until the completion of said work.

Bidders will be required to furnish such bond or other security as may be required by the Jevons Manufacturing Company to save the Jevons Manufacturing Company from any damage by reason of any blasting or other work necessary in the construction of said sewer.

Bids when the lowest ones will be decided by the street committee.

The common council reserves the right to reject any or all bids.

Mr. and Mrs. F. C. Holman announce the engagement of their daughter, Edith May, to Carl Alfred Larsen of Kenosha. The wedding will take place June 18th.

The marriage of Miss Bernice Wayerski of the town of Eau Pleine and David P. Cera of Junction City was solemnized at St. Michael's church at Junction City at 8:30 o'clock yesterday morning. The ceremony was performed by Rev. A. Forysiak. The attendants were Bernice Wayerski, a brother of the bride, and Miss Maisie Taylor, both of Junction City.

The bride is a daughter of Paul Wayerski of Eau Pleine, and the groom a son of Anton Cera of Fancher. For the last two years Mr. Cera has been engaged as telegraph operator for the Soo line at Junction City.

A reception was given at the home of the bride yesterday afternoon, the rooms being prettily decorated for the occasion.

The young people left today for a two weeks' trip to Milwaukee, Chicago and St. Louis. They will be at home at Junction City after their return.

Michael and Edward Cera of Milwaukee, brothers of the groom, and Stanley Wayerski of Milwaukee, a brother of the bride, attended the wedding.

Miss Mary Kruzitski, daughter of Mr. and Mrs. John Kruzitski of Arnett, and Frank Klamat of Stockton, son of Mrs. Martin Klamat of this city, were married at St. Mary's Catholic church at Fancher at 9 o'clock yesterday morning, Rev. J. Chylinaki officiating. The attendants were Miss Katherine Klamat, Miss Verona Kruzitski, Frank Kruzitski and Nicholas Klamat. Florence Turzinski and Bertha Waisbrot acted as flower girls.

The bride has been employed for the last two years in the office of Dr. J. M. Bischoff in this city. The groom owns a farm in Stockton, where the young couple will make their future home.

A reception was held at the home of the bride's parents yesterday, to which seventy-five guests were invited.

Announcement is made by Mr. and Mrs. W. J. Gavin, 541 Main street, of the marriage of their daughter, Grace Rachel Gavin, to Oswald Theodore Koch of Osceola, Minn. The event took place at Stillwater, Minn., on Tuesday, May 29, the ceremony being performed by Rev. F. L. Parme at the Catholic parsonage. The groom's brother and sister were the attendants.

Mrs. Koch, who is a graduate of East High school of Minneapolis and of the Stevens Point Normal, recently completed her second year as teacher at Osceola. Bright, capable and vivacious, her friends among Stevens Point people are a host, and all are sincerely interested in her future happiness.

Mr. Koch is employed in a bank at Osceola, where the young couple will be at home after August 1. He is a graduate of the University of Wisconsin.

Charles F. Mase and Miss Sophia Drapes, both of this city, were married by Rev. G. M. Calhoun at the parsonage of St. Paul's M. E. church on Sunday evening, May 27. Mr. and Mrs. Mase made a trip to Rhinelander and are now at home here. The groom is an employee of the E. J. Pfiffner Lumber Co.

Miss Elizabeth Stachowiak and Phillip Mansavage, both of this city, were married Tuesday morning, in the ceremony being performed by Rev. A. Malakowski at St. Peter's Catholic church. The groom is an employee of the Whiting-Plover Paper Co. and the young couple will reside in this city.

Mr. and Mrs. M. H. Douglas left Monday on an automobile trip to Milwaukee, where they will spend about a month at the home of their son, W. H. Douglas.

Miss Nellie Reading was hostess at a three course dinner last evening at her home on Normal avenue, given in compliment to Miss Merle Raymond.

Covers were placed for twelve young ladies, the table decorations consisting of lilies of the valley and violets. Miss Raymond was presented with three handsome silver forks.

Miss Ramona Pfiffner, whose mar-

riage to Joseph T. Gallagher of Mil-

waukee on Wednesday, June 27, is an

event of much interest, has been the

guest of honor at a number of pretty

social functions.

On Wednesday evening of last week

Mrs. R. W. Morse was hostess to a

two-table card club to which Miss

Pfiffner belongs, bridge being the

entertainment feature of the evening.

Miss Pfiffner was presented with a

dozen rock crystal goblets.

Thursday afternoon Mrs. George Hoppe entertained at a miscellaneous shower at her home on Strong's avenue.

About fourteen young ladies attended.

Saturday evening Mrs. C. S. Orth-

### MENTAL ENERGY.

It pays to think. It is like putting money out at interest. Dollars make dollars and thoughts make other thoughts. We are so accustomed to having this old world reward us for things we do in dollars that we forget there is such a reward as brains—mental growth. Happy the one who sees all these things in their proper light, who recognizes in every failure a lesson learned, in every effort a reward.

### Nervous Children.

In seeking a remedy for nervous and delicate children very often you will find that it is sleep and not drugs that is needed.

In a sense sleep is really more important than food. The sick often survive on very little to eat, and the results from medicine are not always successful, but sleep is what is depended upon to regain health and strength.

Sleep is the secret of prolonged youth. There is nothing more beneficial to health or that can compare in value to natural and refreshing sleep.

### A Matter of Time.

"What's the use of complaining because eggs are up a few cents," a farmer asked the other day, "when it takes a perfectly good hen in the most favorable circumstances twenty-four hours to lay one?"

"If you are going to determine prices by the time consumed in production," said a college graduate from Boston who was present, "what are you going to charge for a chicken when it takes 304 hours for a hen to hatch one?"—Argonaut.

Adobe is a black clay, rich in plant food of a lasting quality and therefore very resourceful, but too heavy and sticky for garden purposes.

### Doria, the Sea Rover.

Doria palace, in Genoa, where Verdi lived at one time, is little associated in these days with the sea rover who gave the palace his name. Andrea Doria, supposed to have been a native of Genoa, fought against his country in the service of Francis I. of France. Subsequently he deserted the French and went over to the Spanish-Austrian party, thereby checking the progress of French arms in Italy. He drove the French out of Genoa in 1528 and was made doge, or chief magistrate.

### Keeps Bread Fresh.

A method of preventing the staleness of bread was described by Arnold Wahl at a meeting of the American Chemical society. It consists in cooling the bread, after baking, in an atmosphere of carbon dioxide, freshly produced for the purpose by fermentation.

Bread cooled in ordinary air becomes stale in a few hours, owing to oxidation of the protein by the air absorbed in its pores, while bread cooled in an atmosphere of carbon dioxide remains fresh for several weeks, because oxidation is prevented.

### The Origin of Grocer.

Grocer appears in Hollinshead's Chronicle, 1540, as "grosser," and in other medieval records it is sometimes written "engrosser" and was applied to the spicers and pepperers who were wholesale dealers in various spices—that is, who dealt en gros—in large quantities, as distinguished from "regrators," who were retail dealers. The Grocers' company first adopted the word grocer in 1373, when the spicers and pepperers allied themselves into a single corporation.—London Express.

### Disinterested Love.

She—Tom, dear, I have at last discovered that I love you. He—Ah, you have heard, then, that my uncle has me \$5,000? She—Sir, after that remark we must part forever. I heard it was \$50,000.—Boston Transcript.

### Ventilation.

It goes without saying that a tired worker cannot attain a high standard of performance. Any deficiency in the supply of oxygen hastens fatigue and thereby lowers efficiency.—George H. Shepard in Industrial Management.

It seems not inappropriate to mention, at this time, the splendid results accomplished by the officers and members of the cemetery association. These officers have been intensely in earnest, inspired by a noble purpose—love and respect for the departed—as well as pride for their own little village—they have labored untiringly to improve conditions in the Amherst cemetery, making a place of beauty for the last resting place of their loved. It also gives a pleasing effect to the living who pass the ground daily and to the stranger who perchance may enter the gates. It has been an arduous task, not without the unpleasant incidents and unfortunate conditions invariably connected with all work of improvement.

The work accomplished thus far justifies the confidence and co-operation of every family in Amherst as well as the sincere gratitude of the public in general and it seems unbelievable that there are fault finders or critics

who are ready to censure these workers because more has not been accomplished. Knockers, to you these words we write: With dissatisfaction, Not because we think you are right, But we hate the ink to waste; Of course you are ready to knock us, And say that it all is so poor, For such is the style of the knockers Who know not the work of the doer. Let them keep up their knocking. To its sound we will turn a deaf ear, And hope that they may be rewarded With the very same tasks next year.

## MET HORRIBLE DEATH

Cousin of Stevens Point Man Pinned Beneath Load of Lumber and Fatally Hurt

Pinned under a load of lumber for several hours, Rudolph Timm of Grand Rapids, cousin of Clerk of Court F. H. Timm of this city and of Albert Timm, ex-chairman of the town of Grant, was fatally injured last Wednesday night.

Mr. Timm left Grand Rapids at noon Wednesday to haul a load of lumber from Kellner. At 6 o'clock that evening he started on the return trip from Kellner and at 10 o'clock his continued absence alarmed Fred Panter of Grand Rapids, whose team sir, Timm was using. Mr. Panter and his brother, after finding out that Mr. Timm had left Kellner, started a search and shortly before midnight found him on the road beneath the load of lumber.

Mr. Timm was still conscious and explained how the accident happened. He said that the load of lumber became loosened and that when he attempted to put some of the boards back in position he accidentally dropped one of the reins. He then attempted to pick up the fallen rein while the horses were going and was thrown down onto the wagon tongue when the animals dashed ahead suddenly. As the horses ran the lumber gradually worked its way ahead, finally pinning Mr. Timm beneath. One horse broke away, but the other was also held prisoner.

Mr. Timm died at 4:30 o'clock Thursday morning at Kellner, where he was taken for medical attention. He was 35 years of age and was born and raised in the town of Grant, this county, being a son of Mr. and Mrs. William Timm, both deceased. He leaves a widow and two children. Mr. and Mrs. F. H. Timm attended the funeral, which was held from the German Lutheran church at Grand Rapids Sunday afternoon.

## WILL ENTERTAIN ELKS

At the meeting of the Elks lodge last Wednesday evening an invitation to a picnic to be held at Lake Emily next Sunday, June 17, was read. The invitation was from M. C. Hanson and W. J. Burling of Amherst, members of the local lodge, and is to be a sort of farewell reunion as Mr. Burling is soon to leave for North Dakota. It is expected that a number of the lodge members will take advantage of the invitation.

## CHURCHES ARE UNITED

Rev. Theodore Ringoen of this city, Rev. F. Magelsken and Louis Mjelde of Amherst and L. H. Johnson of Nelsonville have been attending the joint meeting of the three branches of the Norwegian Lutheran denomination at St. Paul, at which a union of the three was consummated last week. The three bodies are the Norwegian Lutheran synod, the United Norwegian Lutheran church and the Hauge synod, with 3,500 congregations. The three branches were divided on doctrinal differences, involving principally the distinction of "high" and "low" church. Last Saturday, to celebrate the formation of the Norwegian Lutheran church of America, the bells of all the churches rang simultaneously. The sessions will end on Saturday of this week.

## ELKS WILL MOVE

Stevens Point lodge No. 641, B. P. O. Elks, at a meeting last Wednesday evening, voted to return to their old quarters in the Kingsbury block on Main street. The lodge has had rooms in the buildings at 439 and 441 Main street for two or three years. In returning to the Kingsbury building the entire second floor will be used, the rooms having been arranged especially for the Elks when they took possession some years back. At the meeting last Wednesday W. B. Angelo presented a report for the committee of which he was a member, recommending that a lease be entered into for the Kingsbury rooms. Mr. Kingsbury has offered to install a separate heating plant, to put on a new roof, to lower the front windows and to repair and redecorate the interior if the lodge would take a lease for three or five years. It is expected that some special event will be held when the move is made, which will be as soon as possible. The Kingsbury building contains a large room, which was formerly used as a lodge room and dance hall, and a few years ago the Elks' dances were among the most popular held in the city.

## FIRE IN HOTEL

Fire discovered in the Bruce hotel about 9:30 o'clock Tuesday morning was extinguished with but slight damage to the building. The blaze originated in one of the north rooms on the second floor, occupied by two of the young lady employees. A considerable quantity of smoke resulted, but the fire was put out with pails of water before the arrival of the department. A dresser and some of the woodwork was scorched, the walls discolored and a quantity of clothing ruined, but the whole loss represents a small sum. It was supposed that the fire started from a kerosene lamp left burning after being used to heat a hair-curling iron, but the young ladies deny that they had been using the lamp.

## MET AT MILWAUKEE

Several Portage county residents attended the state Odd Fellows' convention and Rebekah assembly at Milwaukee last week. There was a large attendance at both gatherings and interesting sessions were held.

The newly elected officers of the Odd Fellows' Grand master, A. J. Ingalls; Elsworth; deputy grand master, A. M. Averson; Antigo; grand warden, F. L. Queenan, Milwaukee; grand secretary, Richard Hoe, Milwaukee; grand treasurer, William George Thwaites, Milwaukee; grand representatives, John S. Craig, Superior; trustees, D. A. Allabay, Milwaukee; trustees for Green Bay home, F. Rothe; unexpired term, J. B. Rose.

The grand treasurer was instructed to buy a \$1,000 liberty bond in the name of the Grand Lodge. A banquet was given at the Hotel Medford for the past grand masters and the past grand representatives and a ball was held in the evening at the Ivanhoe temple.

The Rebekah assembly chose Mrs. Lillian Rummels of Appleton, president. The others chosen were: Vice president, Mrs. Dagmar Nelson, Antigo; warden, Mrs. Minnie Callaway, La Crosse; secretary, Mrs. Emory Perry, Rosendale; treasurer, Mrs. Jennie Howe, River Falls; trustee, Mrs. Elsie Lautenbach, Milwaukee; recommended for director of the home, Mrs. Cura Dickinson, Jonesville.

The assembly degree was conferred upon about 170 members.

## PAY \$5,300 FOR COAL

### Six Hundred Tons Bought by School Board—Many Proposals Made for New Heating Plants

The purchase of next winter's supply of coal at a cost of over \$5,300 was the most important business transacted by the school board at its monthly meeting last Monday evening, but considerable time was also devoted to the consideration of bids for new furnaces in the Washington school on Clark street, First ward, and the Jefferson building, Fifth ward. Action on these latter proposals will be taken at a special meeting to be called soon.

Nine members answered to roll call, the absentees being Roberts, Jerzak and Adolph Cook.

The monthly report of Treasurer Vetter showed a balance on hand of \$22,208.35 in the general fund and \$108.22 in the teachers' retirement fund.

A detailed inventory of school equipment presented by Supt. Snyder amounted to a total value of \$33,192.

Miss Merle Raymond, teacher of second grade work in the Grant school, Fourth ward, presented a written resignation, which was accepted.

J. E. Delzell, D. J. Leahy and M. M. Ames, as members of the committee which will conduct the annual Chautauqua here July 25th to 30th, asked for use of the Washington school grounds at the corner of Clark and Church streets, and the request was granted.

Dr. C. von Neupert, Sr., city health commissioner, notified the board that the closet system in the Washington school must be connected with the sanitary sewer, as provided for by the state laws. Bids for doing this work, which will cost several hundred dollars, will be advertised for and a contract let.

Upon recommendation of the teachers' committee Miss Helen Fonstad was engaged for grade work at a monthly salary of \$57.50.

The repairs and supply committee submitted a written report of work needed to be done in and about the several school buildings, nearly all the repairs being of a minor nature except at the Washington and Jefferson schools, where new furnaces were recommended. Their report was accepted.

Following a verbal request made by Supt. Snyder, junior and senior Latin studies will be eliminated from the High school course. At the opening of this school next September it is proposed to start laboratory work at 8:15 a.m. The matter of giving additional compensation to the teacher was left with Mr. Snyder.

It is proposed to begin the study of botany next year but the proposed starting of a course in agriculture may not be taken up because of the estimated cost, \$1,500. Thos. Lloyd Jones of Madison wrote Mr. Snyder that the Stevens Point High school is continued on the accredited list, as per recommendation of inspectors who visited her recently and submitted a very favorable report.

The amount expended for supplies used in the domestic science department during the past semester was \$42.50. The cost per lesson per pupil was 1.03 cents, the lowest it has ever been.

Miss Mary O'Keefe, the visiting nurse, reported that she made 726 home calls during the past year. The number of physical examinations made reached the large total of 5,122.

The enrollment in the city schools during 1916-17 was 1,318 and the average attendance 1,102.21. Sixty-one promotions of exceptional children were made within the year and only 76 failed to get promotion cards at the close of school last week.

Clerk Welty was authorized to employ two local contractors to make estimates of the damage done by last week's fire at the McKinley school, Sixth ward. A committee consisting of Messrs. Vetter, McDonald and Palmer will meet with the adjusters and assist in settling the loss.

Before bids for furnishing coal were opened, Mr. Bacon, who sells the Elkhorn coal, mined in southeastern Kentucky, expounded the excellent qualities of his product, which he claims gives heat values of about 25 per cent in excess of ordinary soft coal. The several proposals were as follows.

Gus Swanson, Hocking Valley coal at \$8.98 per ton.

Copps Co., Hocking Valley, \$8.67 per ton;

T. Olsen, Hocking Valley, \$9.00 per ton;

Gross & Jacobs Co., Hocking Valley

\$8.50; Elkhorn lump at \$9.50 and a short mine run at \$9.00.

The Gross & Jacobs bid was accepted and orders given for 140 tons of the Hocking lump and 150 tons of Elkhorn lump.

The next proposition to be brought up was the purchase of new heating plants for the First and Fifth ward buildings, now named the Washington and Jefferson schools.

The Central City Iron Works offered to equip the Washington school with a Mueller hot air plant at \$1,292.64; a steam system for \$2,890.74, and vapor outfit for \$3,137.58. For the Jefferson school the cost of a hot air plant is \$2,134.65; steam, \$3,548.24; vapor, \$3,853.95.

The Williamson Heating & Ventilating Co., represented locally by Gross & Jacobs Co., offered to furnish a vapor system for the Jefferson at \$3,230.08; vapor steam at \$4,408.68; a steam plant for the Washington at \$1,775, and similar equipment for the Jefferson at \$3,225.

J. B. Sullivan & Co.'s bid was on the vacuum system, that of the Washington school costing \$3,174 and the Jefferson \$4,063.

Finch Bros. made four propositions, offering to equip the Clark street building with a steam blast system at

\$1,194 and want \$3,269 for a vacuum system. Similar systems in the Jefferson school would cost \$4,115 and \$3,225.

The National Heating & Ventilating Co. of Wausau offered to replace the present furnace in the Washington school for \$750, and in the Jefferson for \$1,225.

These bids were referred to Messrs. Page, McDonald and Vetter, who will determine the lowest and best and report at a special meeting of the board.

Polls at the annual school election to be held July 2nd will open at 7 p.m. and close an hour later.

Use of the Sixth ward kindergarten room was given for doing Red Cross work during the summer.

It was nearly 11 o'clock before the board completed its labors and adjourned.

The members of the various county board of registration, which were appointed by Governor Philipp to take charge of registration of young men of military age under the conscription law, will also pass on exemptions, according to an announcement made at Madison last Thursday.

Portage county's board of registration and exemption, which will serve for the period of the war, is as follows: Sheriff John F. Kubisiak, executive officer; County Clerk A. E. Bourn, secretary; L. A. Pomeroy, Amherst; O. A. Crowell, Almond; W. E. Atwell, W. E. Fisher, Stevens Point.

The statement of Adj't Gen. O. R. Holway of the Wisconsin National guard that if the guard is recruited up to full war strength the Wisconsin quota under the draft will be under 5,000 men is pretty close to the mark, official figures of the war department indicate.

Wisconsin is expected to furnish two regiments of field artillery with 2,616 men; one battalion of engineers, 513 men; one regiment of cavalry, 1,539 men; six regiments of infantry (two brigades), 12,286 men; two ambulance companies, 310 men, and two field hospitals, 172 men, or a total of 17,536 men.

May 31 Wisconsin had 1,463 guardmen in the federal service and 6,087 men still to be received into the service but ready. In addition there were more than 8,000 men recruited but not inspected, so that the state has raised about 11,000 men. This left perhaps less than 7,000 men still to be obtained. The war department reports the recruiting of men for the National Guard regiments to be in very satisfactory

The estimate that of Wisconsin's 240,000 men who registered, the quota is about 5,000, means that but 1 man in 48 registered will be drafted. Using this basis, Portage county will be called upon to furnish approximately 56 and Stevens Point 19.

The duties of the board of exemption have not yet been clearly defined, as the preparations for putting the conscription law into effect have hitherto been concerned almost entirely with the registration. There will probably be no class or occupational exemptions, but exemptions will be by individuals. The boards of exemption will be required to pass on each individual applicant for exemption.

The president will later appoint boards of appeal, probably one for each federal district in the country, which would mean two for Wisconsin, one at Milwaukee and one at

Madison. If the registered person should be dissatisfied with the decision of the county board of exemption, he could appeal to the federal board.

Adjutant General Holway said he expected that the war department would soon issue detailed information and specific rules for the guidance of the county boards in considering applications for exemption.

**ATTENDS AUNT'S FUNERAL**

Mrs. A. H. Heinling left yesterday morning for Plainfield, where she was called by the death of her aunt, Mrs. A. M. Youngs, which occurred last Sunday morning. Mrs. Youngs, who was a resident of Plainfield, had been suffering for a number of years with diabetes but her death was unexpected. She had many acquaintances in this city and had visited here on several occasions. Mrs. A. Holmes of this city also attended the funeral, which was held this morning.

**CAVALRY TROOP GROWS**

Eight Additional Men Join Local Company Since June 1—Officers Training in Milwaukee.

Captain Swan and First Lieut. Russell Moen have been in Milwaukee for the past week where they are receiving instruction in the officers training school at Troop A armory there. They were joined Friday by Second Lieut. Lyman Park, who is also taking up the work. The regular course of instruction continues for eleven days and it is expected that Capt. Swan and Lieut. Moen will return to this city on Saturday of this week. During the absence of the three men, Frank Love, who has been appointed first sergeant, is in charge of the troop.

The only commissioned appointment to date is that of captain.

**EXPECT MANY VISITORS**

Between 100 and 150 visitors are expected to come to Stevens Point next Sunday for the third annual charity ball of Minorah Lodge, No. 769, I. O. B. B. The use of the armory has been secured for the occasion and in the morning a meeting of the lodge will be held, when a number of candidates will be initiated. In the afternoon Hiram Franklin of St. Paul, an officer of the grand lodge, will deliver an address. In the evening a musical program will be carried out, following which dancing will be enjoyed. Music will be furnished by Weber's orchestra. The armory is being decorated for the occasion in a color scheme of red, white and blue, with American flags used extensively.

### BUENA VISTA

Brayton Mattison has returned to the Soldiers' Home at Waupaca. The Ladies' Aid will meet Wednesday afternoon at the home of Mrs. Clarence Whittaker.

Miss Gladys Gilman of South Plover visited several days at the home of Miss Olive Scribner.

Geo. Holman and wife were called away Sunday to attend a funeral.

A Crofoot has been quite sick for several days.

Mrs. Thos. Galland and daughter, Florence, of Almond visited Sunday at the home of Mrs. A. Martin, the ladies being sisters.

Rev. Geo. A. Tennant has been asked to act as chairman of the committee which will canvass Buena Vista and Plover for funds for the Red Cross work.

The Young People's Society met at the church last Friday evening. They will give an ice cream social on the parsonage lawn Friday, June 15, beginning at about 4:00 p. m.

M. E. Bruce of Stevens Point was out this way Monday accompanied by his son, about the business of chairman of the committee which is to raise thirty thousand dollars in Portage county during the week of June 18 to 25 for the Red Cross Society.

A quiet but enjoyable house wedded occurred Saturday June 9th, at the home of Mrs. Chas. Klug, when her daughter, Emma, became the bride of John E. Nieman of Evanston, Ill. The attendants were John E. Mueller of Evanston and Miss Minnie Yokers. The guests included only the immediate members of the families, including Mr. Block and little daughter of Evanston. Mr. and Mrs. Nieman will leave this week for Evanston, where his business is.

M. E. church services for Sunday, June 17: Plover—10:00 a. m. a short session of the Sunday school, followed by the children's day program and sermon. At 2:30 there will be an automobile service on the lawn at the Isherwood school house. J. W. Merry and others will speak, representing the County Sunday school association, and M. E. Bruce and others representing the Red Cross work. Room for everyone. Come, anyway to get there, but let every car in the county about here come loaded.

Buena Vista—10:00 a. m., Sunday school. The president, J. W. Merry, and others are expected to represent the County Sunday school association in a visit to this school next Sunday. At 8:00 the children's day program.

### AGED LADY DIES

Mrs. Anna Marie Kissinger, aged 82, who had been making her home with her daughter, Mrs. John Mathe, Grant, died last Thursday morning at 6 o'clock of infirmities due to her advanced age. The body was taken to Wauwatosa Saturday morning for burial.

### COUNCIL MEETING ADJOURNED

The meeting of the common council, which was to have been held last evening, was postponed until next week Tuesday on account of the inability of City Attorney Walter B. Murat to attend. At the meeting next week it is expected that the plat of the proposed South Side "park, street and boulevard" improvements will be presented, making it possible to proceed with the Sutherland condemnation proceedings.

### FIRE HORSE FALLS

As the hose wagon of fire company No. 2 was on its way to the fire at the Bruce hotel Tuesday morning the black horse had a close call from serious injury in a fall. The accident occurred on Mill street when the horses were being slowed down to make the turn onto Water street. The horse slipped on the slippery brick pavement and the wagon was soon upon it. Luckily the only injuries were slight bruises on the legs and body.

### DO SPEEDY WORK

The county board of registration, particularly County Clerk A. E. Bourn, who was in personal charge of the work, deserve much credit for the speed with which the detail work following Registration Day was completed. With the assistance of a corps of young ladies, the work of making duplicate registration cards and making copies of the entire list of names in alphabetical order, as provided by law, was completed Saturday noon.

### VAUDEVILLIANS LOOK OUT!

"Vaudevillians" of Wisconsin are warned to guard well their tongues, by the State Council of Defense. The secretary of the council, A. H. Melville, writes County Clerk A. E. Bourn that it has been reported that "flippant and unpatriotic utterances" have been made in vaudeville theaters and in other entertainments.

He asks that the circumstances of any occurrences of this kind be reported to him, saying "prompt and summary action" will be taken to bring the guilty persons to justice.

### GOOD INCOME FOR COUNTY

Portage county will derive more than a thousand dollars this year from the sale of gravel from the pit at the county farm to the Waupaca Sand & Gravel Co.—if the cars needed for shipping out the material can be obtained. The company has a contract with the county by which it is to pay a stated price for the gravel, which is of excellent quality and in great demand. It is said that the company at the present time has orders sufficient to insure the county the sum mentioned in the foregoing and that it will work night and day if shipping facilities are available. The company also plans to install an electric lighting system of its own. Last year the county received about \$500 for gravel from the pit, which borders on the Soo line right of way.

## SCHOOL HIT BY FIRE

McKinley Building, in Sixth Ward,

Damaged in Excess of \$3,000

Last Friday

The McKinley school in the Sixth ward, one of the most substantial in the public school system, was damaged to the extent of at least \$3,000 as a result of a fire last Friday morning.

Friday was the closing day of school and the students had received their final report cards and departed when the fire was discovered shortly after 9:30 o'clock. The discovery was made by Janitor Ed. King, who was alone in the building at the time. The fire department quickly responded to the alarm and did effective work.

The flames originated in the vaults of one of the dry toilets situated in the southwest corner of the basement. The janitor, as is customary at the end of each school year, had started burning out the vaults, using wood saturated with kerosene for this purpose. The flames in some manner broke through the vaults and were eating their way up between the walls when the alarm was sounded.

The fact that the fire was confined between the walls and beneath the floors in the southwest corner of the building made it difficult to combat it, but the firemen succeeded in confining the damage from the flames almost entirely to the first and second story rooms in the southwest corner. In these the walls, floors and ceilings were badly charred and the furniture and other equipment blistered but not burned. The fire also broke out in the attic, but was subdued without damage to the roof.

The damage from fire and water can not be accurately estimated without a thorough investigation, which will be made at once. The loss is fully covered by insurance. The work of the fire department has been highly commended, for the stubborn character of the fire made it an unusually hard task to keep it from spreading.

The McKinley school was built about 18 years ago at a cost of about \$12,000, although it could not be duplicated today for much less than twice this amount. It was in a substantial state of repair, only minor work having been recommended for the building during the annual overhauling of the public schools this summer. During the year just closed about 200 pupils were enrolled at the school, in which classes for the first seven grades were conducted, as well as a kindergarten and ungraded class.

The fact that the fire occurred at the end of the school year, will make it possible to make repairs without interference with school work. It is also fortunate that there were no children in the building at the time the fire was discovered.

### THURSDAY FLAG DAY

Thursday of this week, June 14, is Flag Day, and this year unusual significance attaches to its observance. Although in some cities special exercises are held to give emphasis to the patriotic character of the day, a general display of the colors is usually the extent of the observance.

### SHOWS VALUE OF LIME

The value of lime in the cultivation of alfalfa is being demonstrated at the Portage county farm at Amherst Junction. H. J. Kankrud, superintendent of the farm, was in town Monday and brought with him some sample stocks of alfalfa, which he left at the court house. The alfalfa grown on limed soil was large and vigorous, with strong stems and a luxuriant growth of leaves, while stalks grown on land not treated with lime were small and of poor color. Although both samples were planted at the same time, it took but a glance to make it plain that something was lacking in the one.

### PUBLIC LIBRARY NOTES

The library will loan books for vacation reading during your summer outing.

A copy of Porter's "Road to Understanding" and Rinchart's "Tish" have been put in the rent collection.

Beginning with Monday, June 18, the library will close at 8:00 p. m. during the summer, with the exception of Saturday when, it will be open until 9:00 as usual.

Grateful acknowledgements are due Mrs. Chris Geisler for two fine pictures, framed and ready to hang by George and Martha Washington.

Four interesting books of non-fiction have been added to the shelves this week, they are:

Minor—Our National Parks.

Stone—Following old trails (Montana).

Roberts—Maunders of the silences (Animal stories).

Dooly—Educator of the peer-do-well.

### WOULD CLEAR TITLE

C. H. Cashin and T. H. Hanna, who hold the deeds to 40 acres of land on the Wausau road, just over the city limits, are contemplating action to clear title as a result of complications arising out of the platting of the property by E. W. Sellers under the name of Kosciusko's Reserve. In the fall of 1914, it is stated, Mr. Sellers obtained a verbal option to buy the property at a certain price and shortly afterward started platting it off into lots. Seven of these were sold, Mr. Sellers giving warranty deeds and taking the money, about \$600. Messrs. Cashin and Hanna were unacquainted with the transaction, but recently completed tracing down the abstracts. They aim to make a settlement with those who purchased lots in order to prevent their losing all they put into them, but if unsuccessful in this will start an action to clear title. One of those who put his money into the proposition bought four lots and has since erected a house on one of them.

## VOTE TO PURCHASE MOTOR FIRE TRUCK

Aldermen, At Meeting Last Wednesday, Ratify Contract For

Modern Apparatus

That motor fire truck that has been the subject of so much discussion for several weeks, flattened out all opposition at the meeting of the common council last Wednesday evening, when, by a vote of 7 to 5, it was voted to ratify the contract for its purchase.

The contract price of the new apparatus, which includes "booster" pump and chemical equipment, is \$5,600, of which \$1,000 is to be paid down and the balance in installments or otherwise on or before March 1, 1920, with interest at the rate of 5% on deferred payments. The contract was signed by the city officials on instructions of the council a month ago, but was held up pending ratification by the council. At the citizen's mass meeting a few weeks ago the purchase was disapproved of by two thirds of those in attendance and it was believed it would be turned down.

It is not expected that the truck can be delivered by the American LaFrance Fire Engine Co. within three months.

Consideration of the truck purchase was the last business brought before the council, action being asked by City Clerk Bronson who had signed the tentative agreement. A lengthy discussion took place, in which Alderman Playman, McDonald and Myers argued in favor of the truck, while the opposition was led by Alderman Schweieler.

The motion to ratify the contract for the purchase of the truck included instructions to the board of fire and police commissioners to dispense with the services of one fireman and two teams. Those who voted in favor of the motion were Aldermen McDonald, Myers, Martin, Urowski, Firkus, Playman and Schoettel. Those opposed were Aldermen Port, Schweieler, Manthey, Lutz and Sparks. At the May 1 meeting, when it was voted to purchase a truck, Alderman Schoettel lined up with the opposition.

The request of the board of education for \$75,000 for the erection of the first unit of the proposed new High school was presented and it was finally decided to leave the matter to the committee on city buildings to confer with the board of education. Objection was raised to the appropriation on the ground that it was excessive and that the plan under consideration means that the old part of the High school building would be demolished at some future time.

Proceedings were authorized to make a new start toward condemning the Sutherland property on the South Side. The city's petition to have this condemned for "park, street and boulevard purposes" was dismissed recently by Judge B. B. Park because of non-compliance with technicalities and it is proposed to start the whole thing anew.

The proposed improvement of Union street, which had been hanging fire for several weeks, was disposed of by a motion to construct a cement curb and gutter and to grade the street.

It is believed this will relieve the flood conditions that occasionally arise in that part of the city.

The resurfacing of the Main street macadam pavement, from Union to Division, as recommended by the street committee and the city engineer, was authorized, as was also the widening of Meadow street, as previously petitioned for. Two residents on Meadow street refuse to dominate their property for the widened street and as a result the aldermen lined up "50-50" on the vote to go ahead. The mayor cast the deciding vote in favor of the project.

Mrs. Lucy Lindores presented a communication to the effect that the proposed lowering of the cement sidewalk along her property on Wisconsin street would ruin her shade trees, and that she would apply for an injunction if the city attempted to put

the plan into effect. Rupert Ward, who owns a walk that continues west from that of Mrs. Lindores, notified the council that he would begin suit if his walk were not put down to grade. It was finally decided to lower the Ward walk its entire length and to slope the Lindores walk down to this on the east end.

The appointment by the board of health of Dr. C. von Neupert, Sr., as health officer at a salary of \$600 a year was ratified and the council by a unanimous vote passed a resolution of confidence in the board. The proposal of the board of health to permit the raising of pigs in the city limits, under regulations, as one way to increase the food supply and to utilize food wastes, was concurred in.

The mayor also announced the appointment of G. W. Andre as a member of the board of health, and the appointment was unanimously approved.

Alderman Playman, McDonald and Sparks were appointed as a committee to confer with paper mill officials and officials of the town of Plover in regard to the proposed improvement of the paper mill road.

### GET ENOUGH CARPENTERS

A sufficient number of carpenters to construct the new army buildings at the state camp near Sparta have been engaged, according to a telegram received Monday by County Clerk A. E. Bourn from the secretary of the State Council of Defense. A large crew was needed and appeals were sent broadcast for capable men.

Miss Elizabeth McNeil of Three Rivers, Mich., a former supervisor of music in the Stevens Point public schools and who has many personal friends here, is planning a trip to Wisconsin during July and August and expects to be in this city part of the time.

Mr. and Mrs. J. H. Finch and two children and Mrs. Finch's parents, Mr. and Mrs. George Yorton of Plover, motored to Reedsburg last Saturday morning and remained there over Sunday. Mrs. Henry Clark, a daughter of Mr. and Mrs. Yorton, lives at Reedsburg.

Freight train No. 23 on the Soo line was wrecked at Lombard at 6 o'clock Monday morning, tying up the main line and making it necessary to detour passenger trains No. 1, 2 and 6 over the Stanley, Merrill and Phillips line. Ten cars were derailed and thrown into the ditch.

A postcard received from Oswald H. Sprafka, son of Mr. and Mrs. A. N. Sprafka of this city, brings word that he was graduated June 4 from the Louisville college of dentistry of Louisville, Ky., and that he is now in the dental corps of the U. S. army, at Fort Sheridan, Ill. The card was mailed at New Orleans on June 6.

Dr. Lyman A. Cops, who is a member of Cook County hospital, Chicago, visited at the home of his parents, Mr. and Mrs. E. M. Cops, here over Sunday. Dr. Cops, as previously announced in The Gazette, has joined the medical reserve corps of the United States army and expects to go to France within the next few months.

Erwin Smith of Grand Rapids and Florian Bannach of Stockton, who had been attending the local Normal, left yesterday for Washburn, where they will be employed by the DuPont Powder Co. Mr. Bannach will return about the middle of July and go to Portage, where he will manage a pickle station for the Heinz Pickle Co.

Forest Houlehan, one of the several Stevens Pointers who is taking the officers' training course at Fort Sheridan, Ill., came up to spend part of Sunday with his father and brother. Life in the military camp is decidedly strenuous, the soldiers arising at 5 a.m. and are kept busy practically every minute until "taps" are sounded at 10 in the evening.

Mr. and Mrs. L. J. Seeger and daughter, Jean, motored to Abbotsford Sunday and visited at the home of his parents, Mr. and Mrs. William Seeger. Abbotsford is about 62 miles from Stevens Point and the trip both ways was made in eight and a half hours actual running time. On the way up the roads were quite rough, but heavy travel during the day improved them before night.

Clyde Diver of Throp, who had been attending the eighth grade at the local Normal the past year and had been employed by the Railway Materials Co. since the close of school, received injuries to his left foot Sunday morning. While working, a heavy brake shoe dropped upon his foot, causing painful bruises. The young man left yesterday for his home, where he will remain this summer.

F. D. Reynolds district agent for the Fidelity-Phoenix Fire and Wind Storm Insurance Co., moved his office yesterday from his home on St. Louis avenue to the McDonald block and now has his headquarters in that building, 313½ Clark street. Mr. Reynolds has engaged the services of a stenographer, who will look after the office affairs during Mr. Reynolds' frequent business trips to the surrounding country.

Mrs. Lena Herman left Tuesday morning for St. Cloud, Wis., where she was the guest at the home of her daughter, Mrs. O. J. Koll. She was accompanied by Miss Loretta O'Connor. Mrs. Herman, Mrs. Koll and Miss O'Connor went today from St. Cloud to Mt. Calvary, where they will attend the graduating exercises of St. Lawrence college. Herman Herman, son of Mrs. Herman, is member of the graduating class and has been a student there for the last six years. He will continue his studies at another school next year, but as yet has not decided where he will go.
